Orange Walnut Growers Ask
\$470 Judgment Against
R. A. Adams

ASSERT HE WENT TO
THE INDEPENDENTS

Two Counts, One a Fine and
Other Share Under Ex-
pense Account

Suit was begun in the Superior
court today by the Richland Walnut
Growers Association against R. A.
Adams, one of its members, because
Adams sold his 1909 crop of walnuts
to an independent buyer. Judgment
for \$470 is asked by the plaintiff.

The complaint was filed by Attor-
neys Hartwick & Bell and Stutsman
& Stutsman. It is alleged that on
June 15, 1909, Adams signed the by-
laws of the company, becoming a
member. Among those by-laws is
one to the effect that any member
of the association who shall fail to
deliver his walnuts as specified by
the association is liable to a fine of
\$100 for each offense, or shall forfeit
his membership in the association.
It is alleged that Adams sold thirty-
seven tons of his last year's crop out-
side the association, failing to deliver
the walnuts at the association pack-
ing house at Orange, as he was di-
rected to do by the association.

Suit is brought against Adams on
two counts. First, judgment for the
fine of \$100 is asked. On Jan. 4,
1910, the association elected to assess
that fine.

The second count is for \$370,
which amount is asked as Adams's
share of the cost of the \$2900 pack-
ing house erected at Orange last
year, and his share of the costs of
the running of the association for
the season. To cover those expenses
the association levied an assessment
of one-half cent per pound upon the
walnuts of the association, which
one-half cent levy on Adams's thirty-
seven tons would come to \$370.

KING MENELIK OF
ABYSSINIA DEAD

News of Decease on Sunday
Last Withheld to Give Re-
gent Chance for Defense

LONDON, March 30.—The death of
King Menelik of Abyssinia occurred
last Sunday, according to a dispatch
today from Addis-Abeba, the Abys-
sinian capital. The dispatch con-
firms the United Press cable on Mon-
day to the effect that Menelik was
dead.

According to today's cable, the
news of his death was withheld to
permit the regent, Ras Tassama, to
prepare to repulse the impending at-
tack by troops of the empress.

A long threatened war between the
adherents of the Empress Taitu and
the youthful Prince Lidlji, Menelik's
son, is believed imminent. A rumor
is afloat that Menelik was poisoned
at the instigation of the empress.

ARTIST BLAIR IS DEAD
ROYAL PALM, MIAMI, Florida,
March 30.—G. Blair, painter, Pitts-
burg and New York millionaire steel
and coke manufacturer, died here
yesterday of Bright's disease.

SMALL BROWN MARE
STOLEN FROM FRIEND

Under Sheriff Alec Lacy is
today mailing out cards giving
notice of the theft of a horse
from the Leonard barn at Fair-
view on March 29. A reward of
\$25 is offered. The animal, a
small brown mare with two
small sores on her right shoulder,
was stolen from Henry
Friend.

Body of Victim
of Well-Cave In
Reached Today

MONROVIA, March 30.—After
digging since March 23 for the
body of the ill-fated William
Pickering, who was buried alive
in a well cave-in near Monrovia,
the laborers today found his body
sixty-three feet below the sur-
face.
His head was pointed down-
ward and his skull had appar-
ently been crushed. It is thought
that he was killed instantly after
the burial occurred. It will be
late today before the body can be
removed on account of the debris
surrounding it.

TOM JOHNSON IN
LONDON TOO ILL
FOR INTERVIEWS

LONDON, March 30.—Tom L. John-
son, ex-mayor of Cleveland, arrived
today with Millionaire Joseph Fels,
the Philadelphia soap manufacturer.
He went immediately to the apart-
ments reserved for him at the Car-
leton Hotel and was too ill to talk to
the newspaper correspondents who
waited in the lobby to interview him.

JUDGE BREWER TO
BE BURIED IN WEST

Funeral Train to Reach Leav-
enworth Saturday—Justices
Will Not Accompany Body

NEW YORK, March 30.—It is an-
nounced that the associate justices
of the Supreme Court will not accom-
pany the late Justice Brewer's body to
Leavenworth, Kas., where it will
be buried. The men will act as pall-
bearers during the preliminary ser-
vices here and accompany the body to
the train.

The trip, it was decided, would keep
them from the bench too long. The
funeral train will reach Leavenworth
on Saturday next.

SEEK INCENDIARY
YOUTH TO KILL HIM

Alleged That Boy is Hiding
Near Scene of Dance Hall
Fire, Fatal to 400

BUDAPEST, March 30.—The rum-
or that the youth who is alleged to
have fired the dance hall at Oekoer-
ito in which nearly 400 merry-
makers were burned to death, is in
hiding near the village, has caused
almost every inhabitant to drop his
work and start for the hiding place.
If the boy is caught it is almost cer-
tain that he will be lynched. He is
alleged to have fired the building be-
cause his sweetheart danced with
other men.

Officers have been sent to Oekoer-
ito to preserve peace.

STREET PAVERS TO BE READY
WITH CONTRACTS THIS WEEK

By the end of the week representa-
tives of two paving companies will
be out among property owners of
this city with contracts offered for
signing. The first streets to be
tackled doubtless will be West
Fourth from Parton to Hesperian,
Broadway from Fifth to Hickey and
French from Fifth to Washington.
City Engineer Bates and Trustee
Thompson, appointed Monday night
as a committee to determine what
specifications should be used on
these streets, reached a conclusion
yesterday, and the paving repre-
sentatives carry with them for the pur-
pose of determining what prices
they could fix for the work.
The committee settled upon speci-
fications No. 24 for the West Fourth
and Broadway work and for French
street from Fifth to Sixth streets.
No. 25 was selected for French street
from Sixth to Washington.
No. 24 calls for rock and oil ma-
cadam six inches in thickness, to be

FREAK BLAZE
IN GARAGE

Flames Burst From Wash-box
Grating Into Which Water
Drained

No One Near Place When the
Fire Broke Out—Damage
Done Was Little

What might have been a disastrous
fire threatened the Fourth Street Gar-
age at 405 East Fourth street this
morning. Spontaneous combustion
seems to have been responsible for
the blaze.

The excitement was high while it
lasted, but the damage done was of
no moment and is represented by the
cost of four or five rolls of fire ex-
tinguisher powder.

In the workshop of the garage is a
hole about two feet square covered
with grating into which the water
used in washing automobiles flows.
Of course some oil and some gasoline
are also washed into the box, which
is connected with the sewer. The oil
staying on top of the box probably ac-
cumulated in a larger quantity than
would appear.

There was no one in several yards
of the spot this morning when sud-
denly a blaze burst forth through the
grating. The blaze flared several feet
high, and those who saw it say it
burned like gasoline. There were
several men in the garage. Part of
them were engaged in moving auto-
mobiles from the workshop into the
main room of the garage, while others
used fire extinguishers on the
blaze. In four or five minutes the
blaze became reduced and was smothered
out by spreading wet sacks over
the grating.

The flames were in the center of
cemented floor space but a few feet
from several barrels of machine oil.
The gasoline tank is outside the
building.

Good fortune had it that there was
no automobile over the grating at the
time the flames broke out.

PITTSBURG WILL HAVE
GREAT CIVIC MEETING

PITTSBURG, March 30.—Friday,
April 1, has been set as the date for
a great civic gathering, a meeting to
express its abhorrence of graft, and
to commend and endorse the work of
the authorities who have been expos-
ing the graft and grafters of Pitts-
burg. A general crusade for civic
cleanliness will be planned at this
meeting.

Vice Crusade
The movement toward uprooting
the red-light district is meeting with
serious problems. Apparently will-
ing to assist the "uplifters" the po-
lice ordered every house of ill repute
in the city to be closed, and a big
parade of fallen women, including
2000 out of 2400 in the city, will
march on the city hall and demand
either the re-opening of their houses
or that the city find work for them
to do. These moves are said to be
those of politicians.

NO SALOONS TO BE NEAR
STANFORD UNIVERSITY

SAN FRANCISCO, March 30.—Superior Judge Sturtevant has decided
that the law enacted by the last leg-
islature to close all saloons within
a radius of a mile and a half of Le-
land Stanford University campus,
is valid. This measure is one for
which David Starr Jordan, president
of the University, has worked for
many years to have Menlo Park a
"dry town."

ITALY APPEALED TO FOR
AID OF MANY THOUSANDS
OF HOMELESS REFUGEES

Another Eruption of Etna Last Night—
Guards Sent to Reassure the
Panic Stricken People

CATANIA, March 30.—A
violent eruption of Mt. Etna
last night filled the streets of
Catania with ashes and cin-
ders to the depth of six inches.
The volcano today is spewing
dust over dozens of square
miles to the southward, scat-
tering them over vineyards
and orchards. Scientists be-
lieve a crisis in the eruption is
approaching.
A huge stream of molten
lava is moving slowly toward
this city and people are be-
coming greatly frightened.
Frequent earth tremors are
adding their alarm, while in-
creasing detonations inside the
mountain are causing wide-
spread fear.

Several new craters ap-
peared during the night, three
more appearing today. Pro-
fessor Ricco, the Italian sci-
entist who approached closely to
the crater's rim today at the
risk of his life, has estimated
that thirty-five craters are
now active.

BUILDING RECORD
IS PHENOMONAL

Los Angeles Will Have Reached
\$7,000,000 Mark for Three
Months by April 1

LOS ANGELES, March 30.—With
but three months of the year gone,
Los Angeles can boast of a phenom-
enal building record. Before the
close of business for the month of
March, \$5,000,000 in permits for new
construction work, additions and al-
terations will have been granted by
the Department of Buildings.
With the permits for the 14 story
annex to the Alexandria Hotel and
the new 12-story office building for
the Los Angeles Bank & Trust Com-
pany, both of which are expected to
be taken out almost any day, each
one calling for an expenditure of at
least \$1,000,000, the remarkable show-
ing of \$7,000,000 in construction work
in the short period of 90 days will
be established, a daily average of
over \$77,000.
Since January 1, 2530 building per-
mits have been granted, while for a
like period last year, but 1766 per-
mits were issued.

FIERCE STORM IN
WEST IS NOW OVER

Telegraphic Communication is
Yet Demoralized—Great
Damage Done
DENVER, March 30.—It is believed
that the storm which has been
sweeping the mountains and the en-
tire West is now over, although tele-
graphic communication is still de-
moralized. Hundreds of thousands of
dollars worth of damage has been
done, but this will be largely offset
by the value of the crops saved by
the storm.

Weather Forecast

Southern California: Fair tonight
and Thursday; light north wind.
—Skirts made free Thursday,
March 31, at Crookshank's store.

LOVER READY
TO TRY AGAIN

Young Foreman Will Finish Job
of Eloping Unless Girl is to
be His in Two Years

Father of Girl Refuses to Make
Agreement and Will Take
Her Abroad

SAN DIEGO, March 30.—Refreshed
by a night's rest, Tom Foreman, aged
17 years, who eloped yesterday with
Gertrude Seifert, aged fifteen years, and
held a pursuing posse at bay with a
rifle, sat on the edge of his bed and
told a representative of the United
Press all about it.

"Trust me to get there yet," he de-
clared, with his eyes flashing. "She
is the bravest little girl on earth;
there's none like her. Why, she's all
the world to me. When we surren-
dered the officers thought they had
pulled off the big stunt, but they
couldn't have caught us unless I had
wanted to surrender, for I still had
my rifle and already had showed I
was not afraid to use it. I surren-
dered on Gertrude's account. She
was tired and weak and I could not
stand to see her suffer, although she
begged me not to give in."

Foreman made a proposition today
to Mr. Seifert, father of Gertrude,
that he would wait two years with
the promise that he would be per-
mitted to marry Gertrude then. If the
terms were met he would promise not to
attempt to run away with her again.
"Otherwise," he said, "I'll finish what
I have started."
Seifert refused the proposition, say-
ing that he will take his little daugh-
ter abroad.

9-YEAR OLD GIRL
KILLED BY AUTO

Miss Anna Miner of Long
Beach Whirls Around Corner
and Child Was Struck

LONG BEACH, March 30.—Lit-
tle Pauline Harris, aged 9 years,
daughter of Mr. and Mrs. F. L. Har-
ris of Pomona, was the victim of an
auto accident yesterday afternoon,
while Miss Annie Miner, who was
driving the machine which crushed
out the life of the child, is confined
to her home prostrated with the
shock. Chief of Police Moyer has
sworn out a warrant for the arrest
of Miss Miner on a charge of violat-
ing a city ordinance, which requires
vehicles to make a wide swing in
turning street corners. Miss Miner
made a sharp turn and ran into the
party of pedestrians of which little
Pauline Harris was one. The child
was knocked down and the wheels of
the machine passed over her body.

25 TO 50 SOLDIERS DIE
IN RAILWAY ACCIDENT

BERLIN, March 30.—Between twenty-
five and fifty soldiers were killed
in a railway accident near Muehlheim
today. Ten bodies were removed and
many others are seen beneath the de-
bris. The accident occurred when the
special troop train collided with the
North German Lloyd Express.

KELLEY IS POSTMASTER
FOR SAN BERNARDINO

WASHINGTON, March 30.—Presi-
dent Taft today nominated Stephen
F. Kelley postmaster of San Bernar-
dino.

ROOSEVELT OFF FOR NAPLES
SAYS GOOD-BYE TO AFRICA

CAIRO, March 30.—Col. Roosevelt
and his party left at 5 o'clock this
morning for Alexandria. He will
sail today from Alexandria, reaching
Naples Saturday.
When the party left Cairo there
was no reminder of yesterday's de-
monstration. The station was crowd-
ed with friends, who gave the Roose-
velts a hearty send-off. The Khe-
diva sent Mrs. Roosevelt a bouquet of
flowers as a special mark of distinc-
tion.
High officials assured Roosevelt
yesterday that the demonstration
was started by irresponsible agita-
tors. Roosevelt laughingly replied
that the affair was an "interesting

UPRISING IN
LIBERIA IS
ALARMING
NATIONS

Natives Are on War Path and
Missionaries Reported to
Have Been Killed

UPRISING SPREADING
NOW TO THE CITIES

Lives of Whites Endangered—
United States Sends Cruis-
er to Scene of Action

LONDON, March 30.—Ad-
vices from Liberia via cable
say that an uprising among
the natives is spreading to the
cities and it is feared the lives
of many will be endangered.
It is expected that Liberia will
call on the powers for protec-
tion.

Washington Sends Cruiser

WASHINGTON, March 30.—The American scout cruiser
Birmingham was dispatched
to Liberia today following the
report that a native uprising
has reached such a stage that
the lives of the white residents
are threatened.
White missionaries, includ-
ing Rev. A. B. Speare, are re-
ported as killed at Cape Pal-
mas.

WOLTER INDICTED
ON MURDER CHARGE

Ruth Wheeler Was Victim—
Case May be Related to
White Slave Traffic

NEW YORK, March 30.—The
grand jury today indicted Bert Wol-
ter for the murder of Ruth Wheeler,
whose mutilated body was found in
his apartments. The indictment
charges that the girl, who was aged
seventeen, was strangled to death.
The case is believed by the police
to be closely connected with the
"white slave" traffic.

DR. BURKE MUST STAND
TRIAL—PLEADS NOT GUILTY

SANTA ROSA, March 30.—Judge
Seawall yesterday afternoon over-
ruled the demurrer to the indictment
charging Dr. Willard P. Burke with
dynamiting the tent occupied by Miss
Smith and her infant child, who were
asleep. Dr. Burke pleaded not guilty.

RETURNS TO CIVILIZATION

ALEXANDRIA, Egypt, March 30.—
Roosevelt bade farewell to Africa
and Egypt at 2 o'clock today, sailing
on the liner Prinz Heinrich for Na-
ples. Before his departure he sent
a telegram to the Khediva, thanking
him for courtesies during his stay
in Egypt. Roosevelt and all the
members of his party are apparently
in the best of health, and expressed
satisfaction over returning to civil-
ization.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

THE REO LEADS THEM ALL

We don't mean leading in size, for that means weight and expense, which you don't find in a Reo.

We don't mean leading in using up gasoline, for the Reo uses about half as much gasoline as the heavy cars.

We don't mean leading in wearing out tires, for tires on a Reo last about twice as long as heavy car tires.

We do mean that in the essentials of motoring—in what people really want—the Reo is a leader of any car at any price.

SPEED—45 or 50 miles an hour is fast enough for anybody. You never use more speed whether you have it or not.

POWER on the hills the Reo has plenty of it.

COMFORT—The Reo is as comfortable as any other car on smooth roads and on rough roads it is infinitely more comfortable than the heavy car, which always has to go slow or bump its passengers about.

Get there and back ability. Every Reo ever built has been famous for its sureness of doing its day's work, every day in the year.

The only way to appreciate this car and its values is to own one.

NOT BOOMING BUT IT GROWS

Fullerton Registration Shows
Splendid Advancement in
Two Years

FULLERTON, March 29.—At the city election two years ago, Fullerton had 380 votes; now it is nearly 500. This means a gain of 500 in population. Fullerton is not booming, but is having a gradual, steady growth.

Last season 250 carloads of cabbages were shipped from the Fullerton district, and buyers say the total output this year will not be more than 200 cars, there being a shortage of at least fifty carloads. The acreage is not so large as it was last season and there is but little demand in the East for California cabbage now, while a year ago heavy shipments were being made every day. It is estimated that all of the cabbage now being moved goes to Western points. The prices are not as high as they were a year ago, now averaging about \$20 a ton. Growers state that there is small profit in the business at this price.

George Harper and Mr. Randolph of San Diego, will at once erect a packing house a mile south of Olinda on the railroad which will be completed to that point soon.

William Roler and wife, of Levenon, Kas., have been here a few days, guests of Mr. and Mrs. Arthur Johnson. Mr. Roler is a retired cattleman. He may decide to locate in this section.

For the week ending last night oranges were shipped as follows from Fullerton in carload lots: Piacentia Association, 10; H. F. Dalrymple, 6; Benchley Fruit Company, 4; Thomas Strain, Jr., 1; C. C. Chapman, 3. The Orange County Nursery also shipped three carloads of nursery stock and Walter Hole shipped a carload of hay to the Needles. The California vegetable Union and the Pacific Vegetable Company each shipped one car of cabbages.

Mrs. George Malone has returned to her home at Pueblo, Colo., after a visit at the Rolland home here.

Miss Lottie Morrison of Boone, Iowa, has returned to Los Angeles, after visiting Mrs. F. Morse and other friends at Olinda.

ALL STOMACH MISERY ENDS

No Indigestion, Gas, Heartburn
or Dyspepsia Five Min-
utes Later

—The question as to how long you are going to continue a sufferer from indigestion, dyspepsia or out-of-order stomach is merely a matter of how soon you begin taking some Diapiesin.

If your stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a reinforcement of digestive agents, such as are naturally at work in the stomach.

People with weak stomachs should take a little Diapiesin occasionally, and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, sour risings, gas on stomach or belching of undigested food, headaches, dizziness or sick stomach, and besides what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved five minutes after taking a little Diapiesin.

Go to your druggist and get a 50-cent case of Pape's Diapiesin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

APARTMENT HOUSE

LAW IS SUSTAINED

Long Beach Test Case Thrown
Out by Judge Monroe of
Los Angeles

Los Angeles Examiner: The first decision by a court in California, affirming the constitutionality of the law passed by the California legislature, relating to the regulation of the erection of apartment houses, was given by Judge Monroe yesterday.

There has been a great deal of interest throughout the state in regard to the law, and the issue was fairly presented in the action brought by N. Emmett May against F. S. Craig, Walter J. Desmond and J. C. Townsley, members of the Board of Public Works of Long Beach, to compel the defendants to issue a building permit to the plaintiff. The defendants refused to do so, on the ground that while the plans prepared by May for the erection of a tenement house on the ocean front near the Virginia Hotel, to cost about \$6000, were according to the provisions of the city charter of Long Beach on the subject, they were at variance with the law passed by the assembly April 19, last, and therefore the board refused to issue the permit.

When the matter came up before Judge Monroe the demurrer of the defendants was sustained, without leave to amend, and the case is knocked out of the courts, so far as the Superior Court of Los Angeles county is concerned.

The law referred to provided for the improvement of the sanitary conditions of tenement houses. Under its provisions, the lighting space between structures is increased and the sanitary conditions are looked after sharply, with a view to avoiding the congestion that has always been a menace to life and health in apartment houses in California and elsewhere. There has been a concerted move on the part of many property owners to fight the law, and no doubt, with the appeal of the May case they will soon have the benefit of a Supreme Court decision on the new law.

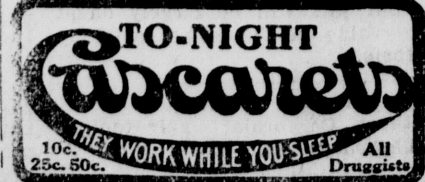

PASADENA TO RAISE \$100,000 FOR Y. M. C. A.

Secure \$7000 on First Day's
Work—\$32,000 Has Al-
ready Been Raised

PASADENA, March 30.—The busiest center yesterday was the headquarters of the Y.M.C.A. at No. 20 South Raymond avenue, where the solicitors who are raising \$100,000, report to State Secretary Wilcox. The first noon luncheon was held yesterday, and \$7000 was reported for the first forenoon's work, making a total of \$32,000 secured thus far. The leaders feel much encouraged over the first day's work.

DISASTROUS FIRE IN TACOMA
TACOMA, Wash., March 30.—The Olympia Foundry and Machine works is in ruins, following one of the worst fires which has visited the Tacoma tidelands in years.

The plant burned to the ground at midnight at a loss of \$150,000. The Pacific Glass and Paint works' plant was slightly damaged.

Crookshank = Beatty Co.

DISTINCTIVE styles and yet not extreme, suits of exquisite beauty and satisfying perfection of finish. Models that are becoming and very modish, that impart to any woman a smart trim appearance. Our Spring line of suits will fulfill your requirements for beauty and durability. See our serges in tan, white, blue, green, grey, and black and white checks.

There is a dash and verve about the cut of the skirts which we are now displaying which will please you. Our designs in diagonal serge and cashmere are exceptionally beautiful.

Our assortment of wash and silk waists is comprehensive and represents the latest ideas on these lines.

The baby's wants can be satisfied in our little tot's department. Long and short dresses, kimono's, bibs, etc.

ANAHEIM GETS CITY DELIVERY

Year Ending Today Will Show
Total of Over \$10,000
Receipts

ANAHEIM, March 30.—For the year ending March 30 the postoffice receipts here will be reported as \$10,000, which will give Anaheim free city delivery. This is a big gain over the showing made a year ago. For the last month, Anaheim residents have been watching their postal receipts, hoping to see the total run above \$10,000. With today to go it is certain the mark will be reached.

IRRIGATION COMPANY TO TAKE DITCH CASE TO HIGHEST COURT FOR RULING

IT WILL URGE STATE LAW TO PROTECT WATER DISTRIBUTION

Keech's Report of Loss of Suit in Superior Court Brings Forth Another Determined Stand by S.A.V.I.

The Santa Ana Valley Irrigation Co. is going to take the ditch case to the high courts, and in the meantime will seek remedial legislation. The court found, in that case, that an open ditch on a street is a nuisance when so declared by city ordinance. The total cost of placing such ditches under ground would be great.

At the meeting of the directors Saturday the written report of E. E. Keech, attorney for the company, upon the result of the action brought by the city of Santa Ana et al.

against this company, to require it to place under ground its West Washington avenue ditch, was presented, and Mr. Keech being present, further explained the situation and advised the board with reference thereto, and upon due consideration of the situation by the board, Mr. Keech was instructed to take such steps in appealing the case to the Supreme court of the state and of the United States, if necessary, as were required to safeguard the interests of the company, and Mr. Rohrs, Mr. Nealley and Mr. Keech were requested to take the matter up at the next meeting of the Trustees Reformation Committee and secure, if possible, united action by the committee and ditch owners of the state to secure such an amendment of section 551 of the Civil Code as would do justice to the great enterprise of distributing water in this state.

O. E. Mansur's minutes of the remainder of the meeting follow: Orange, Cal., March 26, 1910. The meeting was called to order at 10 a.m., with all members present. The minutes of February 26, March 5 and March 10, 1910, were read and approved. The secretary's report was read

and ordered filed as follows:

Secretary's Report
Orange, Cal., March 26, 1910.
To the Board of Directors of the S. A.V.I. Co.,

Gentlemen:—The receipts and disbursements for the month ending March 24, 1910, as follows:
Cash on hand Feb. 24, 1910 \$10,234.69

Stock redeemed 37
Gates and pipe 70.27
\$14,225.17

Disbursements
Expense Account:
Superintendent's pay roll .. \$ 277.83
Wages 608.65
Interest 150.00
Sundries 226.30
Refund on water account .. 9.00

Construction Account:
Superintendent's pay roll .. \$ 700.29
Blacksmithing an hard-ware 17.63
Lumber 8.90
Cement 1,046.00
Santa Ana River Development Co. 21.60
Cash on hand:
In Bank of Orange, expense account 2,704.86
In Bank of Orange, construction account 8,410.42
In hands of secretary 43.69
\$14,225.17

O. E. MANSUR, Secy.
The superintendent's report was read and ordered filed as follows:

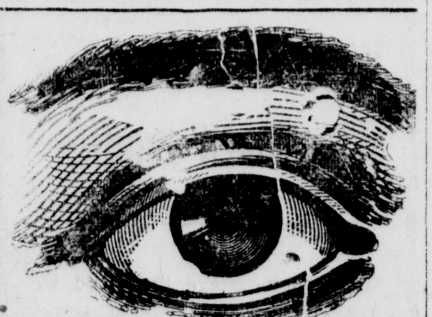

Superintendent's Report
Orange, Cal., March 26, 1910.
To the Board of Directors of the S. A.V.I. Co.,

Gentlemen:—Work done during the months is as follows:
On ditch B, have put in gate for H. O. Alsbach. On ditch BB, have put in gate for J. Stanfield and closed the old one. Have made 440 feet of 30-inch, 216 feet of 18-inch, 3950 feet of 16-inch and 2318 feet of 12-inch cement pipe. No pipe has been

The Modesty of Women

Naturally makes them shrink from the indecate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispels all the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle wrapper, contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential. Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

laid this month, as the ditches have all been in use in delivering the water. Have received and stored one carload of Colton cement.

All of which is respectfully submitted.

J. A. SMITH, Superintendent.
The treasurer's report was received and filed.

The finance committee's report, approving bills as follows: Expense account \$1206.27, construction account \$1356.68, was read and adopted and the secretary instructed to draw warrants on the proper funds for the several amounts.

The litigation committee's report was read, accepted and ordered filed as follows:

Litigation Committee's Report
Orange, Cal., March 26, 1910.
To the Board of Directors of the S. A.V.I. Co.,

Gentlemen:—In regard to the transfer of stock from E. C. Alloman to J. S. Axt, the petitioners having found the old certificate, the transfer has been made.

On the communication of L. P. Hickox we recommend that the secretary be instructed to notify Mr. Hickox that, should irrigators below him demand water the company will hold him responsible for the repair of pipe.

On the question of sluicing sand across the land of E. W. Pyne, and the request of J. Collins to drop water into ditch A, we ask for further time.

GEO. DIERKER,
D. C. DRAKE,
Litigation Committee.

Zanja Committee's Report
To the Board of Directors of the S. A.V.I. Co.,

Gentlemen:—On the petition of L. A. Greenleaf et al. for extension of ditch O, running west on Santa Clara avenue, we recommend that said petition be granted, the petitioners to pay one-half of cost of pipe line and all cost of gates.

A. G. FINLEY,
FRANK ROHRER,
Zanja Committee.

On motion the secretary was instructed to notify L. P. Hickox in accordance with the recommendation of the litigation committee.

On motion the request of the litigation committee for further time on the requests of E. W. Pyne and F. D. Collins was granted.

On motion the request of M. Grecht for a relief for storm water on the south side of Walnut avenue was referred to the zanja committee.

The petitions of S. J. Jackson and of W. L. Salisbury for gates on ditch N, were referred to the zanja committee.

The petition of W. C. Hoefer to have gate on ditch QQ was denied. The petition of Geo. Seba to have gate 6, ditch I, raised was denied.

A petition from S. G. Graham and H. E. Smith to have the stock unlocated from lot 10 of Smith's subdivision in Santa Ana was received and referred to the litigation committee.

The petition from H. H. Martin to unlocate stock from lots 1 and 2, block B, Realty subdivision in Santa Ana, was referred to the litigation committee.

On motion the president and secretary were instructed to renew the note of \$2000 to the Bank of Orange, due March 31, 1906.

On motion the following resolution was unanimously adopted.

Resolved, That an assessment (No. 43) of ten (10) per cent be levied upon the capital stock named in the articles of incorporation, amounting to sixty cents per share upon the subscribed capital stock now in force, payable at the office of the company in Orange, Cal., to the secretary, O. E. Mansur, on or before Saturday, May 14th, 1910.

Any stock upon which the assessment shall remain unpaid after Saturday, May 14, 1910, will be delinquent and advertised for sale and will be sold at public auction, at 1 o'clock p.m., Saturday, June 25, 1910, to pay the delinquent assessment, together with the cost of advertising and expense of sale, unless payment is made before.

On motion the superintendent and secretary were instructed to notify the Water Conservation Committee to cease spreading water whenever the water ceases to flow down to the Olive bridge in the Santa Ana river. It was moved and carried that the secretary be instructed to sign the assessment lists of Orange county.

On account of petitioners on petition of R. H. Sanborn et al failing to raise one-half of the cost of the pipe line as per their petition, and the superintendent reporting that the company loses 1/4 head of water during the time of delivering water to petitioners, the following motion was made and carried: That if petitioners will pay \$450 toward said pipe line, the superintendent is hereby instructed to construct same.

On motion the petition of L. A. Greenleaf et al was granted, petitioners to pay one-half the cost of the pipe line and to pay for all gates, and the superintendent was instructed to do the work.

It was moved and carried that permission be granted to the Pacific Telephone & Telegraph Co. to erect a pole on the rear of the S.A.V.I. Co.'s lot and the secretary was authorized to sign permit in behalf of said S.A.V.I. Co.

LOS ANGELES COUNTY
BUSY ON GOOD ROADS

Los Angeles county is busy making good roads. The Times says: "Dirt is now flying and pavement is being laid in eighteen places of the good roads system. Scattered throughout the county are groups of road builders who are at work on various links of the great chain of fine highways."

Among the roads now receiving attention are the Venice road, Long Beach boulevard, Wilshire boulevard to the Soldiers' Home, and a con-

DELIVERING ELECTRICAL ENERGY

Why it is Costly

ERING electricity to the consumer at a reasonable cost is harder than the problem of producing electricity at a low figure. One is fully as important as the other. In both departments wonderful advances have been made in the last few years.

The average reader may not know that by far the heaviest part of the investment in an electric plant is for the DISTRIBUTING or delivery system.

In any electric plant from two to three dollars are invested in the distributing system to every dollar represented by the expensive power generating stations.

This fact is the more striking when contrasted with the comparatively cheap delivery systems of factories, mills and trade establishments.

Such a contrast brings out one of the many great differences between electric plants and other kinds of commercial industry—one of the reasons which entitle electric companies to consideration in a class by themselves.

Without a proper distributing system the best power station ever built would be worthless. Before it could be made useful the distributing system, costing from two to three times as much as the station, is absolutely essential.

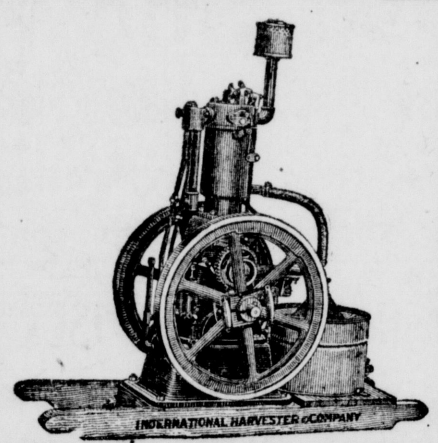

The great cost of the distributing system necessarily is reflected in the charges for service. Interest must be paid on the capital used; taxes must be paid on the property created and depreciation charges must be met.

All these expenses and many others must come out of the price paid for service, since this is the only source of revenue of the electric company.

THE BRITISH SURPRISE

So far as the Register can now determine, there has occurred as the outcome of the recent political storm that has passed over the British isles, a fundamental change in government. Curiously enough, it has taken place at the instance of the House of Lords, which enjoys the reputation of being the most conservative legislative body on earth. What makes it seem remarkable still, is that it happens by this ancient body resigning its hereditary privilege—a species of political hari-kari, so to speak.

This makes it no longer a hereditary body, but a representative one. No more can a peer as such, sit and act in the house of Lords. He must first be elected to it, though none but peers are eligible. The kingdom is to be divided into eighty districts and three peers are to be elected in each one. The king shall summon one of each three thus elected to sit in parliament. This is certainly unique, but it looks plausible on its face, and it's English anyway, don't cher know.

As the people have a say in it, the chances are it will be a great improvement on the ancient way.

PROFIT-SHARING BASIS

James J. Hill prophesies that the troubles between capital and labor will be finally settled between them by their getting onto a profit-sharing basis. Such a consumation if it ever happens must come after a conflict in which both sides are worn out with the struggle that is now going on—and think of what must happen in the meantime!

But if a profit-sharing basis were reached tomorrow between capital and labor, what would then be the situation? They would, of course, both be directly interested in booming prices and where would the poor consumer come in? His part would be to pay the price whatever the combination might decree, and he would have no alternative but to comply.

It looks as though capital is already strong enough, but when it goes into general partnership with labor and together they join hands against the consumer, the situation will be appalling. But let us hope that before this happens congress may put a stop to the destructive war between the two.

TAFT AND PEACE

Among all the rancor and discord of politics in which he is assailed both in front, from the rear and on either flank, is sounds good to hear that President Taft found time and had the inclination to attend and deliver an address in the interests of the peace of the world.

The occasion was a banquet on the 22nd, at the Hotel Astor, of the Peace and Arbitration League. He stood in the position of an advocate of universal peace and also for the construction of two new battleships for our navy. But this he explained in a commonsense way to the effect that until international peace is assured, we must keep ourselves in a position for self defense. He said in part: "Because we are in favor of universal peace and of arbitration to secure it, we are not in favor of our country giving up that which we now use for the securing of peace." In other words we must maintain an armed peace with other nations so long as such is the policy universally adopted.

It is a hopeful sign when the head of a great nation makes such an address. It will be read with excited interest in all the courts of Europe. It will have its effect there as much for its reference to the battleships as for its humanitarian sentiments. There is no doubt but that the world is growing weary of war, and would be glad to find a way out of it. It is also looking to America to point out and lead the way. Taft in his speech points to an arbitration court, and does not see why questions of national honor could not be as well submitted to such a court as any other questions. This phase of the subject will no doubt be taken up and discussed abroad. Let it be heralded to the four corners of the earth and talked over in all its bearings. It is the cen-

tral thought of peace, and until it is adopted in some shape the horrors of war will still continue.

TAKE WARNING

Will the Republicans in congress take warning by the election of a Democratic congressman in Massachusetts, from a district that has always been recognized as a Republican stronghold?

The event will no doubt be explained from the standpoint of the regulars and also from that of the insurgents, and both will say "I told you so!" The facts of the case are, the leaders on the regular side have been too "regular" and those on the insurgent side have talked and acted too much like rebels. None of them is "safe and sane" and if wiser councils do not prevail, Champ Clark's prediction of a Democratic victory will probably come to pass. It takes the coolest of heads to keep "level" on such occasions, and so far as now appears, there is just one such head, which is on the shoulders of a man by the name of Taft. The position he occupies as the head of the nation and of the Republican party, as well as the qualities he is known to possess, make him an eminently suitable personage on whom to concentrate. If all contestants will now recognize him as the leader of the party, he will show the way to victory.

The preliminary step will be for congress to fulfill the pledges of the party as represented in the administration bills, and by the time that has been accomplished, the country will have settled down to the conclusion that the Republican party is still a pledge-keeper, and all will be well.

DON'T BE BALD

Almost Any One May Secure a Splendid Growth of Hair

—You can easily find out for yourself if your hair needs nourishment, if it is thinning, getting dry, harsh and brittle, or splitting at the ends. You simply have to put a hair from the top of your head and closely examine its root. If the bulb is plump and rosy it is all right; if it is white and shrunken your hair is diseased and needs nourishment.

We have a remedy for hair troubles that cannot be surpassed. It has a record of growing hair and curing baldness in 93 out of 100 cases where used according to directions for a reasonable length of time. It will even grow hair on bald heads if the scalp is not glazed and shiny. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so sure that Rexall "93" Hair Tonic will completely eradicate dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for Rexall "93" Hair Tonic in every instance where it does not do as we claim or fails to give entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is perfumed with a pleasant odor, and does not grease or gum the hair. We have it in two sizes, prices 40 cents and \$1.00. We urge you to try Rexall "93" Hair Tonic on our recommendation and with our guarantee back of it. You certainly take no risk. Remember, you can obtain Rexall Remedies in Santa Ana only at our store—The Rexall Store, Dean's Drug Store.

Frisco Hill Climbs, March 7, 1910

—Buick 40 Roadster made the fastest time of the day over a large field of cars, such as the Corbin, Maxwell, Chalmers 40, Elmore 40, and Auburn 40.

The Buick 30 touring car made its first appearance on this coast and showed the same symptoms as all Buick models. It had a walk-away in its class, defeating the Cadillac 30, E. M. F. 30, and Patterson 30, also making the fastest time of the day for touring cars. Orange City Garage.

The Political Watchtower

Among those who are talking politics in this county there is much being said about the probable strength of the four gubernatorial candidates in Orange county—or rather, what that strength will be when it comes to the primaries on Aug. 16. The facts that Johnson has an active, determined organization working for him, that he is a strong man, representing a great principle, will doubtless give him the lead in the county. Both Curry and Stanton are likely to make a stir for support. In fact, Stanton's supporters are already stirring, with most of the stirring going on in the northern end of the county. He has newspaper support in the Anaheim Gazette and Orange News. Assemblyman Melrose of Anaheim and C. C. Chapman of Placentia will carry the banner for the Los Angeles man, they being prominent at the Stanton banquet held in Los Angeles last night. Taking the county as a whole, Stanton will bump up hard against the well remembered occasion of his fight to dismember the county.

Curry expects to make a big showing in Orange county, but Johnson and Stanton supporters declare he will be third man so far as Orange county is concerned. There is indication that some of the "regulars" are going to do all they can for him. It is said that it is too early in the game to tell which of the two men, Stanton or Curry, will rally the greatest support here. If it were not for Johnson, it would be a pretty fight between them for first place. As it is it will be a pretty fight for second place.

Anderson has as yet not the slightest shadow of a boom in Orange county. If he has any lieutenants here they are still under cover.

The rush to get nomination papers signed up by the various candidates for county and township offices has lulled. Most of the candidates could file their nomination papers today, and have signers to spare. The most recent appointments made with verification deputies are: For Col. O. H. Coulter, assembly, Republican, is Albert Hermes of Newport Beach; for J. L. McBride, surveyor, Republican, Oscar Bailey of Santa Ana; for H. C. Head, district attorney, Democrat, George Y. Pyeatt of Santa Ana; for C. E. Jackson, constable, Democrat, Pyeatt; for Lafayette Flood, constable, Republican, E. L. Vegely.

The Santa Ana Jeweler
112 East Fourth street.

Don't Buy a Bed

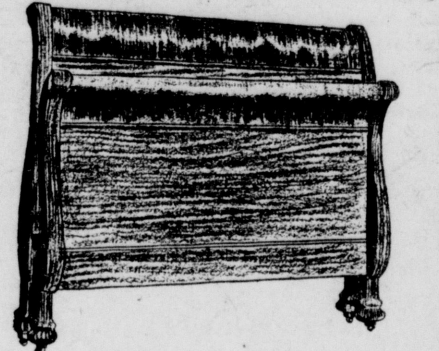

Until you see our splendid line and get our prices

Our this season stock of beds is complete. We are showing the very newest styles in brass, iron, Napoleon and other wood beds, in all the new finishes. Iron beds in cream, white, Vernis-Martin and rich gold finishes.

Brass Beds

We have taken particular pains to secure a line of brass beds that we can guarantee to give entire satisfaction. All our brass beds are reinforced with steel tubing, which eliminates the danger of denting. The brass is also treated to seven coats of lacquer to prevent tarnishing. We have all the popular styles of massive 2 inch and 2½ inch posts, Vernis-Martin brass beds, rich gold brass beds.

Napoleon Beds--

The massive roll top and foot Napoleon beds, are also very popular sellers this season as they were the past two seasons. You'll find that our line of beautifully marked birdseye maple, mahogany, oak and Circassian walnut are exceedingly well made and very highly polished. The prices are very reasonable, too.

Iron Beds--

We have just received a large shipment of the new style iron beds, with the continuous one-piece tubing posts and top. These beds are very popular as there are no rough joints to catch dust. We can save you money on iron beds.

For a good sleep you will need a good mattress and good springs. We have both, in all the leading makes.

Horton-Spurgeon Furniture Co.

—GRAND OPERA HOUSE BLOCK—

Geis—Lot 15, block A, Bessonet tract; \$10.

Primary Junior Union

The Primary Junior Union will meet tomorrow (Thursday) afternoon at 3 p. m. Supper will be given the primary lesson and Mrs. Weissman will be the Junior lesson. The bible class led by Rev. Seccombe will meet at 3:15.

Dinner for Iowa Friends

Mrs. J. H. Edwards of 715 Spurgeon street, entertained yesterday at dinner the guests being Mr. and Mrs. Wallace of Boise, Idaho, Mrs. Blewett of Los Angeles, and Miss Randall of Santa Ana, all old Iowa friends.

For Miss McBride

Miss Mary Andrews entertained last evening for Miss Agnes McBride, who is to be one of the spring brides. Thirty guests were present and the evening was spent delightfully in progressive games. Dainty refreshments were served on small tables after the conclusion of the games. A color scheme of pink and white was followed in the decorations.

Delta Alpha Party

Roses and lilies were used in the decorations of the Witt home on North Main street last evening, when Miss Clara and Anna Witt entertained the members of the Delta Alpha class of the First Methodist church and a few guests of the class. April Fool games made the evening merry and were diversified by Miss Louise Long of Tustin, Miss Wild playing piano solos, Miss Ida Oderlin giving a vocal solo. There were about thirty present and the evening closed pleasantly with the serving of delectable refreshments.

Costume Lecture Tonight

Must not be forgotten that Mrs. M. Stead, M. D., medical mission to Persia under the auspices of Presbyterian church, will deliver

BANQUET TENDERED TO NEW LEADER

A. J. McFadden of Myford attended the banquet and reception tendered last night by the board of trustees of Pomona College to the college's newly appointed president, Prof. Blaisdell, at the California Club in Los Angeles. Prof. Blaisdell is a man of sterling qualities as an educator and man, and under his leadership Pomona College, ranking among the best institutions of its class, will continue to prosper. A. J. McFadden was one of the representatives of the alumni at the banquet.

PERSONALS

Miss Faith Shaw returned yesterday to Los Angeles, after a few days stay at home.
Rev. I. D. Borders, who will preach tomorrow evening at the Methodist church, South, will be the house guest of Rev. and Mrs. R. C. Douglass during the day. He will return to his home in Hollywood after the evening service.

Mrs. H. C. Nelson went to the Angel City on an early morning car.
Mrs. Wm. Smart was a city visitor today.

Miss Sarah Gardner boarded a morning car for Los Angeles.
Mrs. John Wehrly spent a few hours in Los Angeles today.

M. M. Crookshank was a morning passenger on a Los Angeles bound car.

Mrs. R. Scheidecker made a business trip to the city today.

E. L. Moses, general manager of the Oxygenator Company, of Buffalo, N. Y., was in Santa Ana today, the guest of A. Giles Johnson, the coast manager for the Oxygenator Company.

E. S. Gilbert was a visitor to Los Angeles today and will see the opening game of the baseball season between Los Angeles and Vernon teams, of the Pacific Coast League.

Lunsford P. Yandell, father of Mrs. E. S. Gilbert, is visiting the Gilberts this week. Mr. Yandell's home is in Inyo county, where he has extensive land interests.

W. A. Shafer, general agent for Glide automobiles, was here yesterday making arrangements to have the Glides cars handled here. W. W. Reed has accepted the local agency for the cars.

H. C. Galloupe, assistant general agent of the "Home Builders" Company of Los Angeles, was a visitor in Santa Ana today. The Home Builders' local office, in charge of Mr. Magee, is located at 113 West Fourth street.

Mrs. Henry Siedel and Mrs. R. L. Williams went up to Los Angeles this morning for the purpose of riding back in the new Buick automobile recently purchased by Mr. Siedel. Mr. Siedel drove the machine home from the city.

—J. W. Shaul, M. D., eye, ear, nose and throat. Glasses fitted. 110 1/2 East Fourth St., Santa Ana. Both Phones.

—Dr. H. M. Robertson, physician and surgeon, removed to New Central Building, Corner Third and Main Sts., directly opposite city hall. Telephones and office hours as before.

Declaration of Homestead
A declaration of homestead was recorded yesterday by Maclovio D. Elliott, wife of E. A. Elliott, on the southwest half of the southeast quarter of the southwest quarter of section 27, township 4 south, range 10 west.

—Spring housecleaning is here. Have your cleaning done with the Santo Vacuum Cleaner. We rent them or we do the work at 75c per hour. Trickey & Smith. Home phone 430.

—We make the best line of tailor-made skirts in the city. Free on Thursday, March 31. Crookshank Beauty Co.

—Remember that All Fools' Dance Friday evening at Brotherhood Hall. Babize's Orchestra.

—Orange County Business College has more positions than graduates.

WASTE NOT, WANT NOT

is an old adage observed by every careful housewife and there is not much of the bread made of our flour that reaches the garbage barrel. This is a genuine Kansas, all hard wheat flour, such as is used by the best bakeries everywhere. It is stronger because it is ALL hard wheat, goes farther, makes the best bread. \$1.65 per 50 lb sack.

CANNOT GET SAINZ FOR FIFTEEN DAYS

Rosario Sainz must serve fifteen days longer in jail at Ensenada, Mex., before he can be brought here under extradition. He was taken up on an offense committed three years ago, the beating of an old woman. Officer Cervantes returned yesterday without his man, the authorities having given notice that Sainz could not be had until his sentence was up.

Cervantes was told that Sainz says he is a citizen of Mexico. His father lives at Ensenada, and Rosario is considered a citizen of that place. Sainz was registered in this county.

Sainz declared he did not kill Jose Machado, for whose murder he is to be brought here.

New Yorkers Picnic

The New York state social reunion and basket picnic will be held at Sycamore Park, Saturday, April 2, under the auspices of the New York State Society. Athletic sports, amusements, foot races, sack race, "potato tote," and other pleasing contests in which prizes will be awarded, addresses by prominent Californians and others, formerly of New York state, are to be features. All former New Yorkers are invited. Take South Pasadena, Amundale or L. A. Railway Garvanza car to Avenue 46.

Rev. Borders to Preach Here
Rev. I. D. Borders of Hollywood, will address the people of the Methodist church, South, tomorrow evening, his sermon to take the place of the regular prayer meeting service. Mr. Borders is said to be a most delightful speaker and the announcement of his coming will please all who have heard him.

Card of Thanks
We wish to thank most sincerely the neighbors and friends who so kindly rendered every assistance during the last illness and laying away of our loved one.
Mr. Willis Herr and son Charles, Mr. and Mrs. Fenstermacher, and daughter Laura.

To Plead Friday
W. A. Brauer, charged with grand larceny, the theft of S. E. Tingley's bicycle, is to appear in the Superior court Friday morning to answer to the arraignment.

Fell From Buggy
Mrs. A. E. Utt of Tustin, mother of C. E. Utt, fell from a buggy yesterday evening and severely wrenched one leg. The injury was not serious.

NOTICE OF ASSESSMENT
Santa Ana and Fresno Land Company, location of principal place of business, Santa Ana, California.

Notice is hereby given that at a meeting of the directors of the Santa Ana and Fresno Land Company, a corporation, held on the 29th day of March, 1910, an assessment of \$26.25 per share was levied upon the subscribed capital stock of said corporation, payable immediately in United States gold coin to the secretary of said corporation, at his office, No. 117 West Fourth street, in the city of Santa Ana, California. Any stock upon which this assessment shall remain unpaid on the 2nd day of May, 1910, will be delinquent and advertised for sale at public auction, and unless payment thereof be made before, will be sold on Saturday, the 21st day of May, 1910, to pay delinquent assessment, together with the cost of advertising and the expense of said sale.

By order of the Board of Directors.
J. G. QUICK, Secretary.
Office No. 117 West Fourth street, Santa Ana, California.

—A special car will be run to Huntington Beach Saturday evening, for the accommodation of those who wish to attend the entertainment to be given by the W. R. C. of Huntington Beach. The special leaves Santa Ana at 6:40 p. m., returning after the entertainment.

—Now is the time to enter Orange County Business College.

WANTS ADMINISTRATION ON HUSBAND'S ESTATE

Louisa Wickersheim today petitioned the superior court for letters of administration on the estate of her husband, Jacob Wickersheim, who died July 23, 1909. The estate consists of lots 26 and 27, block 83, Santa Ana East, and Los Angeles real estate, worth \$3000. The widow and three sons and two daughters are the heirs. Scarborough & Forgy are attorneys for the petitioner.

ORANGE COUNTY MAN WON A YUMA FARM

Cleveland C. Fitzgerald of Fullerton was one of the successful in the Yuma land drawings yesterday.

Horse Was Found

A horse that disappeared from the Chaffee ranch at Garden Grove Monday night and which was believed to have been stolen, was found yesterday afternoon.

SANTA BARBARA TO HAVE NEW HOTEL

Old Arlington to be Succeeded by Handsome \$300,000 Mission Building

SANTA BARBARA, March 30.—A new Arlington is to arise on the site of the famous old one, the first tourist hotel in Southern California, burned last August. The new structure will be of reinforced concrete, and will represent an investment of \$300,000, subscribed by local men. There are a few minor changes to make in the plans and then work will be commenced. It is hoped to have the new Arlington ready for occupancy next winter. Arthur B. Benton of Los Angeles, who designed the Glenwood at Riverside, is the architect. The building will be of Mission style and Mr. Benton gives assurance that it will surpass the southern hostelry architecturally.

CITY TO SUE ESPEE FOR RECOVERY OF DEPOT SITE

LOS ANGELES, March 30.—City Attorney Hewitt was authorized by the City Council yesterday to take the necessary legal steps for the recovery by the city of the end of East Fifth street which the city council more than three years ago gave to the Southern Pacific company in order that a million dollar passenger station might be erected to replace the present Arcade depot.

In his written opinion on the matter City Attorney Hewitt pointed out that if upon the recovery of the property, the railroad company desires to reopen the matter, negotiations may be resumed at the discretion of the city council.

State of Ohio, City of Toledo, Lucas County, SS.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. OUR WASHINGTON LETTER

WASHINGTON, March 30.—Does a telegraph operator at a railroad station in a town of 2,000 have much to do? Well, Congressman Murphy, of Missouri, held a position before he became a lawyer and he told the House that this is how he put in his time:

"I was working from twelve to thirteen hours at night. I was required to go to the postoffice at night, get the mail, and take it to the depot. I was the only employee there at night. In the morning I was required to take the mail to the post-office, a block and a half distant. It would average, besides the two pouches of first class mail, from 8 to 11 sacks full of papers, magazines, and so forth. I handled from 20 to 30 and sometimes 40 train orders a night, and that hour of the morning was one of the busiest I had."

"I was required to sell tickets, both local and coupon, and was also required to book from 2 to 3 and 4 carloads of freight in a night in a book which was practically a copy of the waybills, giving item by item, the weight, the grade, and the amount of freight. I had then to what was called 'expense' those waybills, which was to make out what might be called a 'statement' to each of those who received the freight, and then totaled. They used kerosene for lighting, and I was required to clean all of the lamps in and about the station; they used switch lights and I was required to clean and fill the switch lights

with oil and put them out at night and take them in in the morning. When I wanted any repairs for the switch lamps I would have to go to the section foreman for them. In addition, I had to sweep out the depot every morning. If the local trains reached there after night, and it was frequently so, I had to take the freight which was unloaded upon the depot platform and put it in the freight house."

"In addition to that, I was required to check the baggage and load it, and I handled from two to three truck loads of baggage at night, in addition to putting the mail on the trains and taking it off and putting it in the house. In addition the railroad company required that the night operator must handle the express as well, and he must take that out on the trucks and put it on the two trains they had at that time, and there are four now, and put it in the house as well. These are some of the duties which are imposed upon this class of men, at that time receiving \$40 a month, who to-day receive \$50 a month."

One of the most ingenious labor saving machines has just been perfected by the Treasury Department to assist in the making of Uncle Sam's money. One machine is now in operation in the Bureau of Engraving and Printing and is working so successfully that a contract has just been let for the installation of

15 more. The new device performs five operations simultaneously with the aid of only two employees to each.

None of the notes issued by the United States is good paper money until it bears a serial number and the big seal of the Treasury of the United States. Twenty-eight printing presses in the basement of the Treasury Department are now employed to imprint these final signs upon the bills which come in sheets of four from the Bureau of Engraving and Printing. There are now two men or girls to each press, but the work is necessarily slow because every sheet must be fed with the utmost exactness so that the seal and numeral will appear in the right place.

After the operation has been completed the sheets are taken to another machine which cuts them so as to make the four separate bills. Three employees are necessary to each of these "separators" as they are called. One feeds in the sheet, another takes the separated bills, as they fall out and collates them in piles of 100. The third counts them.

All of these operations will hereafter be done on the new machine at one time. Its mechanism is so simple that the operator can feed in the sheets as though printing hand bills. After the printing the sheet is automatically separated, mechanical fingers gather four bills together and a register counts them, and when a hundred have been finished the bell rings. A second employee then ties each 100 in a bundle. Experiments are being made still further to improve the machines so that it will feed itself and also tie up the bundles of 100 as they are delivered. When all the new machines are installed, it is expected that they will save the government many thousands of dollars in salaries annually, and at the same time produce more rapid work.

Some of the Upstate folk in New York have been, for a good many years, watching their farm lands go to grass and at the same time have seen hundreds of thousands of farmers pass through these lands for crowded cities, where their usefulness is lost and where they usually become bad citizens. Last year nearly 600,000 immigrants entered at Ellis Island, a majority of whom were of the farming element of Europe.

Representative John W. Wright, at a dinner given recently to Secretaries Nagel and Wilson, asked these gentlemen why New York state could not draw these men to its farms. Nagel told them there was a federal Bureau of Information to direct foreigners to farms where ever requested. This Bureau he said would cooperate with the State.

But Dwight says New York is not satisfied with such cooperation and so will establish a Bureau of its own to push immigration to these districts. The Bureau of its headquarters in New York City and will keep in constant touch with the farmers and small towns. Secretary Wilson lauded this plan and said he hoped soon to see it followed by other states.

Southern Pacific Is the Way

Los Angeles office, 600 South Spring St.

The Story of the Southern Pacific Railroad System and the Great Fortunes Created by It

By Charles Edward Russell

For the first time the real history of the powerful "Southern Pacific" organization is being told; how the whole state of California was throttled; how the United States Government at Washington was bribed and betrayed, and how the over-capitalization of our railroads is in a great degree responsible for our struggle to meet higher prices.

HAMPTON'S

APRIL ON SALE NOW

Mr. Russell's minute analysis of the careers of Collis P. Huntington, Leland Stanford, Charles Crocker and Mark Hopkins throws a strong searchlight upon American railroad methods; shows how the "ultimate consumer" has had a staggering burden of debt put upon his shoulders to increase his cost of living.

The purpose of this series is to show the American reader and voter specifically one phase of the great industrial and social problem which menaces him. Mr. Russell takes our most powerful railroad system and clearly tells us upon what iniquities its pre-eminence is founded.

There are a dozen other big articles and stories in the April HAMPTON'S which you will read and enjoy, including the first complete, adequate article ever printed on the Alaskan situation; and "Peary's Own Story."

THE MARKETS

DAILY CITRUS REPORT OF EASTERN MARKET

NEW YORK, March 29.—Early wire reports 25 cars sold today. Part of averages realized as follows:

NAVELS	Price
et. S. S. Orange	\$1.50
Dora Heights, A.C.G. Co.	2.60
Choice, S. T. Ex.	1.85
er, A.C.G. Ex.	1.85
Cresta, A. H. Ex.	2.85
A. H. Ex.	1.70

ANGELES PRODUCE MARKET
 Receipts of strawberries were in neighborhood of 300 crates yesterday morning and the market slumped, dropping from 10 cents to 8 cents a basket. One of the reasons for the low price on berries was the sandy condition of the soil which arrived. The heavy rain today caused this. There are two varieties of the spring berries among receipts—Lady Thompson, a late and early A berries. The early price on fairly good stock 5 cents a basket. All the berrying districts in this vicinity have been picked.

Price on eggs went up 1 cent today with the better prices existing in the north and receipts only cases, with a very good demand falling. The extra selects are now at 28 cents, and case-counts from 23 1/2 to 24 cents a dozen. Eastern butter is off the market, as the eastern storage extra left jobbers' hands yesterday. The local market was very quiet with a slight rise reported in the Chicago and New York markets. Arrivals in San Francisco were heavy, 53,641 lbs, but this only served to keep market to present prices.

Decline in eastern longhorns, dairy Swiss domestic cheese were raised. The longhorn is offered at 10 cents, daisy at 1 1/2 cent less, and the 2 is offered within a range of 2 1/2 from 23 to 25 cents a pound. Cals of cheese were 69 1/2 pounds. Price Oregon potatoes were sold 1.05 per hundred, showing that market on spuds is not holding at deal of strength. Arrivals of total 1936 sacks. Nevada and Oregon onions were in call. The current market was owing to the fact that no receipts had been reported for several days.

Receipts were 734 sacks. Pinks fairly good sellers and the market in this variety showed some strength. There were no changes in potatoes. None are arriving from the north and the market is independent on local stock. Asparagus market was firm. Arrivals continued light, owing to the fact that rains were general in the north and prevented a heavy picking. The factor has entered the market with the opening of the canneries. It will take considerable of the market and will help to keep the market. Onions are on the rise. Northern is selling at 2 1/2 cents a pound, good local cabbage of new crop is selling at the same price. Ordinary is selling at 1 1/2 cents a sack. The market showed a little more strength and best lettuce brought an average of 35 cents. Bunch goods all unchanged in prices.

LOS ANGELES MAN TO SPEAK

Joseph Scott is to Deliver Address at Associated Chambers Banquet Tonight

At the annual and monthly meeting of the Associated Chambers of Commerce to be held at Odd Fellows Hall, Santa Ana, tonight, Joseph Scott of Los Angeles, will be the principal speaker. Mr. Scott is president of the Los Angeles Chamber of Commerce, and his talk will be along promotion and development lines. He has had a wide experience in the work of instilling growth and enterprise, and his talk will be of value and interest.

The Associated Chambers of Commerce was organized a year ago. It has done much good work, notably the starting of the good roads work. It secured the petitions, and arranged with the Board of Supervisors for the appointment of the commissioners. Officers for the ensuing year are to be elected at the meeting tonight, and a number of matters of importance will come before the organization.

The banquet will be served at Odd Fellows Hall at 7:30 o'clock. There will be a large attendance of citizens from all over the county.

—We make skirts free Thursday, March 31. New spring goods just received. Crookshank Beatty Co.

—See Turner for fire insurance.

"AUGUSTUS" DROPS ANCHOR IN HARBOR

Brings Cargo to San Pedro After Seventy-one Days Sail From Antwerp

SAN PEDRO, March 30.—The big German steamer Augustus, Capt. Schuder, arrived in the outer harbor this morning, from Antwerp, via Maderia, after an exceptionally smart passage. She was out only seventy-one days from Antwerp, and sixty days from Maderia. Capt. Schuder states that the weather was unusually good on the voyage, which was without incident. The Augustus brought 400 tons of coke and 1300 tons of miscellaneous freight and merchandise, consigned to Henry Lund & Co., which will be discharged at the Southern Pacific wharf. She has 4500 tons of additional cargo for San Francisco and Portland.

RYAN'S STEAMSHIP LINE ASKS \$75,000 GUARANTEE

LOS ANGELES, March 30.—Through a communication presented to the directors of the Chamber of Commerce this afternoon, that body was asked to guarantee \$75,000 a year export business to the T. F. Ryan line of steamships. In return, Mr. Ryan proposes to make this his exclusive port of call on the coast and import all of his bananas through Los Angeles harbor. President Scott favors giving the guarantee.

LOCAL OPTION ELECTIONS

SEATTLE, March 30.—During the next four months, twenty local option elections are to be held in this state, the Anti-Saloon League having planned to push the fight against the liquor forces in the small cities and towns and the rural districts.

—Free skirt making Thursday, March 31, from 11 a.m. to 4 p.m. Crookshank Beatty Co.

SAME MEN TO BE IN FIELD

Stennett and Vestal to be Deputies for City Assessor R. L. Freeman

City Assessor R. L. Freeman will commence making the city assessment on May 1, and will complete the work during the months of May, June and July. The property will be put on the rolls as the title on record on March 1.

The city assessor has appointed Frank Stennett and T. W. Vestal as his field men for the year. These men served him last year, and are thoroughly familiar with the work and the city.

SAN BERNARDINO WILL BUILD \$11,000 THEATER

SAN BERNARDINO, March 30.—The building record for the month has reached a total of \$46,000 and this will be increased quite materially before the first of April. The largest permit issued during the month has been the E street theater building, which is to cost \$11,000. Among the new business blocks under construction is the new Chamber of Commerce three-story building at Fourth and E streets. Many residents are under construction.

NAT GOODWIN BUYS \$100,000 ORANGE GROVE

LOS ANGELES, March 30.—Nat Goodwin, actor-author-millionaire, has bought a \$100,000 orange grove in San Jacinto valley, and is going to erect in it one of the most beautiful mountain homes in the world.

Plans for the Goodwin chateau will be drawn by its future chatelaine, known to the stage world as Miss Edna Goodrich, the actor's wife.

NEW ENGLAND SCHOOL MA'AMS MOB PRESIDENT

WASHINGTON, March 30.—The president had a narrow escape from being mobbed by 2000 enthusiastic women and children today. The

mob broke through the police lines and stormed the executive office before the police could control it. The White House business visitors were compelled to leave through the windows. The President then shook hands with 1800 persons. The crowd was composed of New England high school teachers and students touring the capital.

MADRIZ AGENTS BLOCK GENERAL GORDON'S PLAN

NEW ORLEANS, March 30.—Representatives of the Madriz government of Nicaragua today made further efforts to prevent the departure of the American sympathizers of the revolution who have been lately organized by an American, General Gordon, in Texas. Through the efforts of these agents it is reported that General Gordon has been summoned to appear before the grand jury. It is expected that his defense will be that the Madriz government has not been recognized by America, therefore no questionable act will be performed if he moves against it.

COMMITTEE TO PROBE GUGGENHEIM AFFAIRS

WASHINGTON, March 30.—The apparent object of the Ballinger investigation promised to be set aside today while the committee entered upon an investigation of the affairs of the Guggenheims in Alaska. The committee called for further detailed documentary evidence from the Interior Department archives. It was suggested that the inquiry will develop an determination whether the vast wealth of Alaska has fallen into the hands of a syndicate.

THE BITUMINOUS COAL MINERS MAY STRIKE

CINCINNATI, March 30.—Following a final disagreement and the end of a conference in the central competitive field, the bituminous coal miners will engage in numerous and wide spread strikes, according to the action of a special committee of the United Mine Workers. Only increased wages can prevent the strikes, which are threatened to follow the closing of the present agreements on next Thursday night. The miners demand an increase of 5 cents per ton on screen picked coal and proportionate advances for the other methods. It is believed an agreement will be reached.

CASE AFTER CASE

Plenty More Like This in Santa Ana.—Scores of Santa Ana people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

P. G. Etchison, 829 E street, Santa Ana, Cal., says: "I always keep Doan's Kidney Pills on hand, in fact, I would not be without a supply. There is no remedy that can take their place. Since using Doan's Kidney Pills in 1907, I have had little need to take them. A dose or two on a few occasions when I have noticed any indication of pain in my back has sufficed to completely dispel the trouble. My opinion of Doan's Kidney Pills as expressed in a public testimonial I gave two and a half years ago remains unchanged, as I value them as highly as ever. I was subject to attacks of kidney complaint for months and if I brought any strain on my back I was sure to suffer from backache. Knowing that this misery was due to disordered kidneys, I finally procured Doan's Kidney Pills. They went directly to the seat of the complaint and I could not have asked for greater benefit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

—The new Osborn Disc Harrow is equipped with large shield which completely covers frame. This enables the ground to be cultivated close to the tree without injury to the branches or the fruit. We have these implements in stock. J. C. Williams & Son, Orange.

A King's Old Clothes

The posthumous sale of the wardrobe of King George IV. of England realized \$75,000. Greville, who attended the sale, says that the king "hardly ever gave anything away except his linen, which was distributed every year. There are all the coats he has ever had for fifty years, 200 whips, canes without number, every sort of uniform, the costumes of all the orders in Europe, splendid furs, pelisses, hunting coats and breeches. His profusion in these articles was unbounded because he never paid for them, and his memory was so accurate that one of his pages told me he recollected every article of dress, no matter how old, and that they were always liable to be called upon to produce some particular coat or other article of apparel of years gone by."

Keeping Up Spraying Fight

The fight against insect, scale and fungus diseases in our orchards must not be dropped with the harvesting of the fruit crops. It cannot be hoped that you have, by your spraying operations during the summer season, killed all the scale insects and fungi, and doubtless during the press of work on the farm during the mid-summer season the matter will have been neglected, or very little done, since the fruit was formed, and it can be depended upon that there will now be on your orchard trees a fine collection of all sorts ready to hibernate and come forth in the spring stronger than ever.
